

**Welcome Letter**

**Director Gastroenterology, Bayside Health Service**

**Metro South Hospital & Health Service**

Welcome,

We are delighted to announce an exceptional opportunity at Bayside Health Service in the newly created role of Director of Gastroenterology. This role, which holds great significance within Metro South Hospital & Health Service, offers a unique chance to lead and make a substantial impact on the provision of endoscopic and gastroenterology services.

The purpose of this role is to provide clinical direction and management for endoscopic and associated gastroenterology services, focusing on ensuring the provision of appropriate patient care. You will have the opportunity to lead a multidisciplinary patient care team, provide professional leadership in gastroenterology services, and contribute to the training and education of junior medical staff and healthcare members.

Your key responsibilities as Director of Gastroenterology encompass a wide range of clinical and managerial aspects. You will be responsible for leading and developing efficient and high-quality services in the field of gastrointestinal endoscopy, managing in/outpatients with gastroenterological disorders, providing diagnostic and interventional endoscopic services, and ensuring the highest standards of patient care. Collaboration and communication with stakeholders along the patient's continuum of care are pivotal, as is the commitment to continuing professional development.

Furthermore, your role extends to strategic direction, where you will contribute to medical services management and planning at a Metro South Health Service level. Patient safety, quality, and interprofessional collaboration are at the heart of our values. Your commitment to these ideals, as well as to designing, implementing, maintaining, and evaluating safety and quality practices, is crucial.

We invite you to explore this opportunity further by reaching out to our leading consultants at Alumni Global:
