

Welcome Letter

Dear colleague,

Thank you for your interest in the exciting iMH CEO opportunity and for accessing the information contained within this microsite, provided by our search partners, Alumni Global.

iMH stands for integrated mental health, representing the service's special focus on integrating inpatient and out-of-hospital care in shorter stay mental health admissions. iMH compliments traditional Aurora Healthcare private mental health hospitals and expands the variety of service models that we offer.

Aurora Healthcare and Amplar Health share a vision to make integrated mental health services nationally accessible in Australia. In 2023 Aurora Healthcare and Amplar Health launched iMH's flagship private mental health hospital, Deakin Private Hospital.

iMH's initial Australian portfolio comprises 2 private hospitals in Canberra and Sydney. A number of greenfield projects are in the pipeline to expand iMH's footprint in Australia's major cities and key regional areas.

The service model underpinning iMH is designed to make mental health treatment even more accessible in Australia, and to focus on preventing avoidable hospital admissions and readmissions to support patients' recovery in the longer term.

We are now seeking a dynamic and highly motivated leader to join us as iMH's next CEO. We are seeking an innovative thinker; someone with a depth of experience in implementing new models of care, delivering high-quality health care and driving commercial performance. You will be comfortable and capable in engaging with medical professionals and possess the ambition and acumen to drive our organisation forward.

Reporting to a Board of Directors, the CEO will have responsibility for the successful implementation and embedding of the model of care, delivering positive financial performance, fostering an inclusive and supportive culture, and the clear articulation and delivery of the strategy.

This is an incredibly exciting, challenging and rewarding opportunity for an aspirational leader with the desire to exceed expectations. iMH is committed to the delivery of outstanding patient-centred care and to transform traditional approaches to enhance outcomes for people accessing mental health services.

We are excited to engage with you throughout this search process and encourage you to speak with Marcus, Chris and Suzanne from Alumni Global to learn more about this exceptional opportunity.

Yours sincerely

Julia Strickland-Bellamy
Aurora Health Care

Louise Burke
Amplar Health
